during the meeting for members to reflect/add/reject as part of their discussions (see next action below).			These will also feed into individual Board members homepages (e.g. add a statement to say you are a member of the WSI AAB and your research interests). Research themes will also be reflected on the WSI website.	
Representatives from each Faculty to meet to review related research in their Faculty and bring an overview to the next meeting.	AAB	Next meeting		
Agenda item for next meeting: Undergraduates and Digital Training (suggested by David)	SDD/DR	Next meeting		
Circulate the WSI's Mission Statement	SDD		This relates to the AAB conducting a mapping exercise to find out what each faculty is doing that is related to Web Science (what is happening now and what is horizon scanning). Vadim suggested the AAB has a Town Meeting in each of the faculties to gather information about what the WSI can bring to the faculties and how the AAB can help.	
Prepare a WSI promotional flyer for AAB members to take to events.	SDD	End of November	This will be ready by the end of November.	Completed.
Consider putting something about the WSI on SUSSED explaining what we do (to raise visibility).			This could be the AAB launching their thoughts.	
Flag Leverhulme Postdocs at the next meeting	SDD/TI	Next meeting		
Produce boilerplate text about WSI that Board	SH/SDD
