

# Women in Technology Day

**28th October 2015, IBM UK Laboratories, Hursley Pak,  
Winchester**

We live in a moment of remarkable change and opportunity. The convergence of data and technology is transforming industries, society and even the workplace - by creating professions that didn't exist before the emergence of data, cloud, social and mobile. IBM is a leader in this global transformation and we're looking for talented individuals to help us make the world work better. People just like you. So come along and meet us. You'll get to hear what we do and what we can offer from some of our most successful female IBMers.

Register now and see what you could make with IBM.
