

A Quick Guide on Impact and how to Record it in Pure

MINDS CDT

Dr Dimitra Georgiadou

24/06/2021

Impact categories examples

Cultural and societal

Economic and commercial

Environmental

Health and welfare

Practitioners and professional services

Public policy, politics and law

Main questions to ask about Impact

01

Who may benefit from this research?

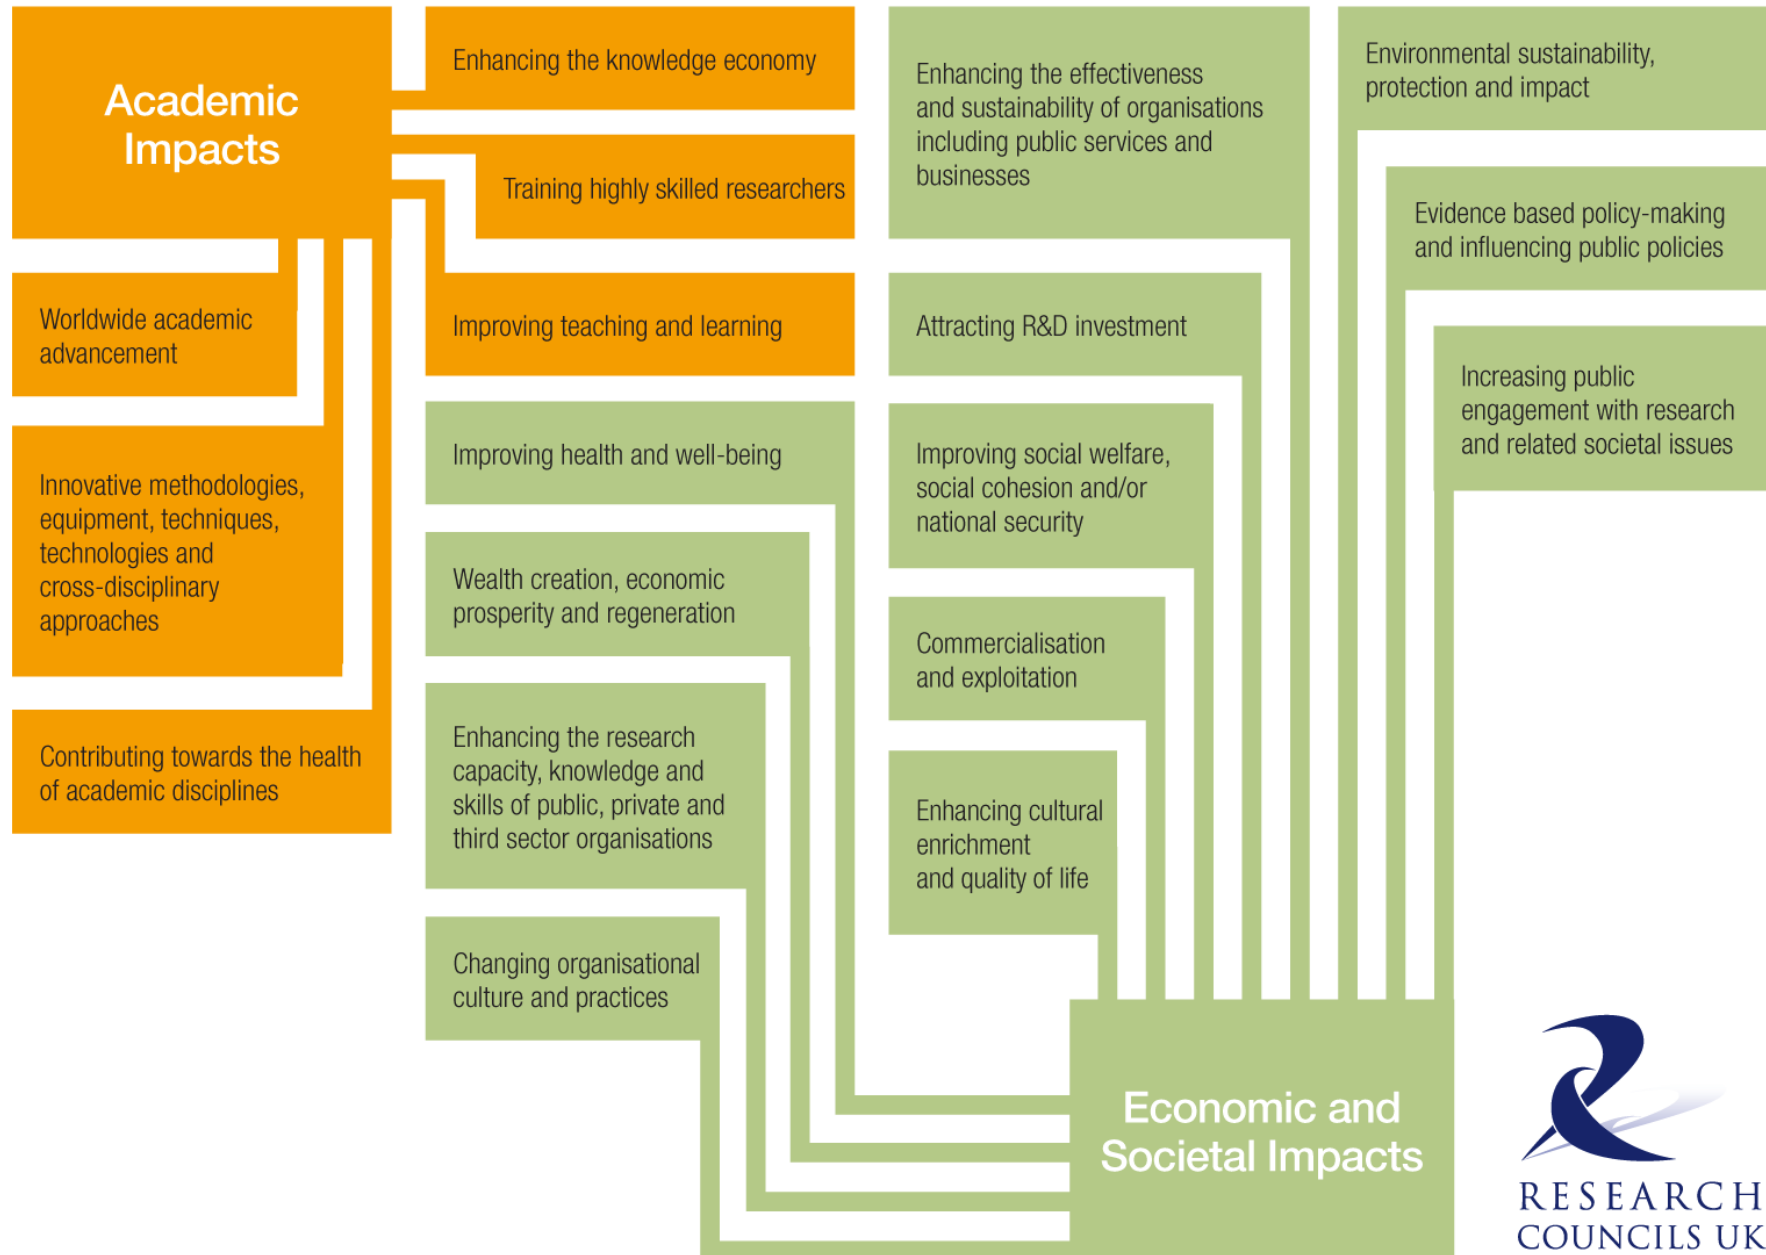

02

How might they benefit from this research?

03

What will be done to ensure that potential beneficiaries have the opportunity to engage with this research?

Pathways to Impact

Types of Activities

Publications,
datasets and
conference
presentations

Communication and
public engagement

Collaboration with
industry and co-
production

Application and
exploitation

To **view** impacts recorded under MINDS CDT

- 1) Log into Pure using your credentials: <https://pure.soton.ac.uk>
- 2) Go to **Impacts**
- 3) click on the **Add filter** button under the search box (it looks like a funnel with a plus next to it)
- 4) Choose '**Managing organisational unit**' and select '**MINDS CDT**'
- 5) You may want to click the **pin button**, so that this search will be saved for you in the options on the left

The screenshot displays the Pure University of Southampton interface. The top navigation bar includes 'Editor', 'Personal', and 'Dashboard'. The left sidebar contains a menu with options: Personal overview, Research outputs, Activities, Prizes, Press/Media, Applications, Awards, Projects, Funding opportunities, **Impacts** (highlighted), Editable, My Impacts, Datasets, Facilities/Equipment, Curricula Vitae, and My history. The main content area shows a search bar with the text 'Search for impacts...'. Below the search bar, there are filters: 'Managing organisational unit' and 'My content'. A red box highlights the search bar and filters, and a blue arrow points to the 'Pin button' (a funnel icon with a plus sign). Below the filters, the 'Selected organisations' section shows a list of organisations. The first organisation, 'MINDS CDT', is highlighted with a red oval. It is part of the 'School of Electronics and Computer Science' and 'Organisational unit: Research Group'. Below it, 'Philosophy' is listed as a former organisational unit. The search results section shows '1 result' for 'MINDS CDT <> Future Worlds panel event', listing participants: Dimitra Georgiadou, Robert Maunder, Iris C. Kramer, Benjamin Clark, and Alexantrou Serb. The impact is noted as 'Practitioners and professional services' and is marked as 'APPROVED'. At the bottom right, there is a 'Download list' section with links for PDF, Excel, HTML, and Word.
