

SPOTLIGHT ON CAREERS

**PHYSICS AND ASTRONOMY
SOUTH EAST PHYSICS NETWORK (SEPnet)
CAREERS AND EMPLOYABILITY SERVICE**
LUNCHTIME TALKS | WEDNESDAY 1-2 PM

A series of career focused lunchtime talks 1–2pm aimed at enhancing employability and showcasing career options. With advice and useful information from the careers service, employers and industry experts. The series features insightful presentations, lunch refreshment and networking opportunities. Lunch arrives at 12:30.

Hosted by the University of Southampton Physics and Astronomy Department, the South East Physics Network (SEPnet) and the Careers and Employability Service.

All of these sessions will be relevant for, and are open to STEM based students in the Faculty of Engineering and Physical Sciences.

Week Venue	Date Time	Session	Delivered by
01 34/3001	16 Oct 1–2pm	What can a STEM student do? Career Planning ... where to look and who can help? Amy Hearst former Southampton Physics student shares her story Rosalie Rogers who studied Maths at Bath tells us about her route to career success	Rob Wood Careers and Employability Service Amy Hearst VivaMOS Ltd Rosalie Rogers APSensing Ltd
02 46/2003	20 Nov 1–2pm	Are you Career ready? Skills that employers want Creating an effective/noteworthy CV and "stand out" application	Rob Wood & Karl Anton Careers and Employability Service Rosh Sellahewa Deloitte
03 46/2005	04 Dec 1–2pm	Getting through the Door Pathways into work and tips for securing employment Grad recruitment schemes to the Bright Lights at Boeing	Karl Anton Careers and Employability Service Joyce Lewis Electronics and Computer Science Elliot May Boeing

Week Venue	Date Time	Session	Delivered by
04 54/4011	29 Jan 1-2pm	Science in the Workplace Using your learning in the workplace From BAFTA award winning company Framestore. Hear from a physicist now working with Framestore. Understand how physics works in the real world to create Hollywood's best visual effects and virtual reality scenes	Rob Wood Careers and Employability Service Stuart Penn Framestore
05 46/2003	26 Feb 1-2pm	Finding Work Experience What does it look like and how do you find it? Tips for success SEPnet Launch: Hear from a SEPnet placement student and their employer	Rob Wood & Karl Anton Careers and Employability Service Peristera Andreakou SPi Lasers
06	18 Mar 1-3.30pm	Effective Networking Science Park Physics Careers Fair Mini careers fair and chance to make contact with employers/ discuss work opportunities locally and put those soft skills into action	Rob Wood & Karl Anton Careers and Employability Service Robin Chave Science Park, Southampton

Note: Module concludes 18 March but ongoing support for applications available via Rob and Karl/Careers Service Drop-in.

For Physics SEPnet support contact Michelle Limbert.

Booking required for catering purposes.

SEP*net*

South East Physics Network

SEPnet funds undergraduates each year to undertake eight week projects in industry – a taster of real-life physics problems that **improve students' employability** and offer insight into their career options. GRADnet is the largest Physics post graduate research school in England with a vision to train the world's best physicists.
